Message from Chairperson-Placements

Dear Recruiter,

We have great pleasure in offering you the SDMIMD Summer Placement Brochure 2015-16. Last year SDMIMD received tremendous support from corporate organizations for the summer placement process. Leading organizations from both the manufacturing and services sectors visited our campus and chose from a well-honed pool of talent for internship.

We are also happy to state that SDMIMD had a significant number of start-up firms that participated in the summer internship process. These indicate recruiter confidence in SDMIMD and the quality of management education the Institute imparts to its students.

It is interesting to note that many organizations with a reputation for innovation offered live projects to our students. Our students won appreciation for their research and contribution to live projects from senior level managers. We thank the recruiters for the confidence reposed in us and our students.

Our PGDM program has been designed and updated to equip our students with the latest developments in the field of management. New features have been introduced to inculcate values and social responsibility.

We feel privileged to invite you for **Summer Internship 2015-16** and look forward to having you in our campus. Should you have any query, please feel free to contact us.

Warm regards,

Dr. H. Gayathri
Chairperson-Placements
Professor-Marketing

Founded on the belief that ethical practices and universal values are the starting point for business excellence, the Institute has grown to set a benchmark in managerial education.

Shri Dharmasthala Manjunatheshwara Institute for Management Development (SDMIMD), ranked among the top Business Schools in India, is located at the foot of Chamundi Hills in the heritage city of Mysore in Karnataka, 140 kilometers from Bangalore. Its charming campus has won architectural and landscape awards, and provides a great setting for learning and germination of managerial intellect. The Institute is promoted by the Shri Dharmasthala Manjunatheshwara Educational (SDME) Trust, a much admired non-profit educational trust that runs over 40 recognized educational institutions in Karnataka, including engineering and medical colleges. Dharmasthala, 'the abode of dharma', has been a renowned pilgrimage centre for hundreds of years and canons of selfless service, integrity, and social development stand embedded in all of the Trust's activities. The Trust and all the associate Institutions benefit from the visionary leadership of our Chairman, Dr. D. Veerendra Heggade.

SDMIMD has been rated A** (A Double Star) by Credit Rating Information Services of India Limited (CRISIL) at the National Level. The ranking by CRISIL assumes special importance in the light of the fact that the rating was awarded after a thorough inspection of the facilities in the Institute, the performance in respect to admissions, placements, academic rigor and the feedback from the alumni and students. The ranking brings the Institute on par with many leading B-Schools in the country.

SDMIMD's AICTE-approved PGDM program that is accredited by NBA runs for six terms over two years with an impeccable quality of academic rigor. The curriculum and pedagogy are planned by an elaborate process every year by taking into account practices in other leading institutes the world over, and considering the views of leading academics and recruiters. The Institute is well known for its research activities and the dedicated research publications have come in for praise from the world of academics.

SDM Research Centre for Management Studies (SDM RCMS) has been recognized as a centre by University of Mysore for guiding aspiring Ph.D students. Further, in association with AIMA, a two-year dual certification program was launched last year.

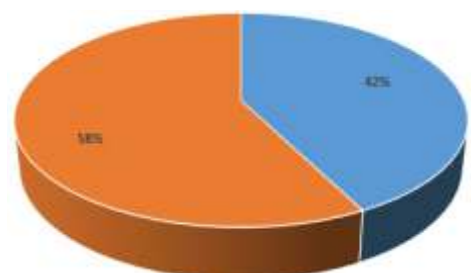

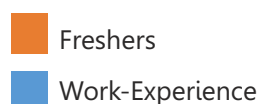

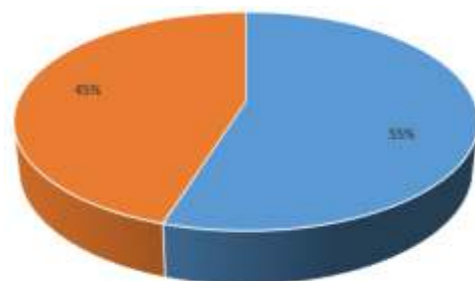

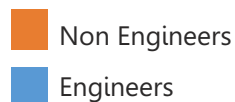

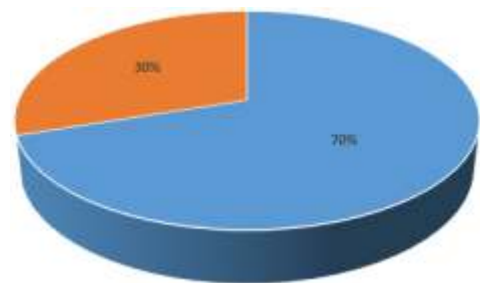

The Institute has tie-up with five foreign universities for academic collaboration-Mays School of Business, Texas A&M University, USA, MBA Centre, Global Management Education Institute, Shanghai University, China, British University in Dubai, University of Dubai and London College of Business Sciences.

Summer Internship

After completing the mandatory courses of the first-year, students get into the practical world of decision-making and business management in the Summer Internship Project (SIP). Spanning eight weeks, the SIP is selected according to the chosen specialisation of the students. They are assigned specific tasks which allow them to use managerial concepts learnt in the classroom. After understanding the student's abilities and aspirations thoroughly, specific projects are assigned to each in conjunction with the companies concerned.

During the internship the students work under the guidance of a senior executive of the company and their progress is monitored by an internal faculty guide. Students keep in touch with the faculty guide on developments on the work front and obtain clarifications as required. At the end of the internship, they are required to obtain a certificate from the company they have worked with, stating that they have satisfactorily completed the project allotted to them. On return to the campus, they are required to submit a detailed report highlighting the practical application of management concepts in the work place as well as details on what they had learned in the company. The best Summer Internship Project Reports are published in the 'Excerpts of the Summer Internship Reports' brought out by the SDM Research Center for Management Studies (SDM RCMS).

Visitors' point of view

It was an honour & privilege to visit this wonderful institute and address & interact with the young students & faculty. Institutions become great, when they have an ambition as well ambience. This institute has both. All my best for journey ahead & for attaining a position amongst the best in the world.

R.A. Mashelkar

President, Global Research Alliance

Former Director General, Council of Scientific and Industrial Research (CSIR)

It was a pleasure spending time with the faculty and the students. It is an energizing and vibrant environment.

S. Sivakumar

Divisional Chief Executive of the Agri Business Division

ITC Limited, Hyderabad

Great to be at SDMIMD. A fine Institution, I was very impressed with the ambience and professional culture prevalent

J. P. Haran

Managing Director, Tata Engineers Limited, Mumbai

I am highly impressed with the environment of SDMIMD, which includes in addition to the physical environment, excellent faculty, curriculum & effective management.

Dr. T. Kanti Srikantaiah

Professor, University of Maryland, Former Director, Centre for Knowledge

Management Dominican University, USA

Very Positive environment and refreshing faculty.

Priti Parekh

Senior Managing Director, Equities, Fixed Income, Compliance & Operations

Copal Amba

The city of Mysore is the cultural capital of the state of Karnataka. The city is known for its majestic, mystical and mesmerizing beauty. Located 770m above sea level and 140 kms from Bangalore. Also known as the City of Palaces, Mysore retains a quaint charm that never fails to enchant. From ancient times, this district has played a significant role in the history of South India. Mysore District is a popular tourist destination offering several attractions ranging from the royal splendour of Mysore City and its fabulous Dasara Festival to exquisite temples, pilgrimage centres and scenic spots. Mysore is ranked the fifth-best city in India in which to conduct business and the second-cleanest city in India. Mysore has emerged as the hub of the tourism industry in Karnataka, attracting about 2.5 million tourists every year. Some of the places of interest in the city are Mysore Palace, Krishna Raja Sagara, Jaganmohan Art Gallery, Brindavan Gardens, Lalitha Mahal, Chamundi Hills, Mysore Zoo, Folk Lore Museum and many more. Traditionally, Mysore has been home to industries such as weaving, sandalwood carving, bronzework, and the production of lime and salt.[1] The planned industrial growth of the city has led to the establishment of many industries and also projected as alternative IT hub for Bangalore.

Connectivity

Mysore is well connected with trains from all major cities. From Bangalore to Mysore, there is a train running every hour. It is also well connected through roads. Every five minutes, luxury buses run between Mysore and Bangalore.

Stay

We would be glad to make arrangements for your stay at Campus guest house. Alternatively, there are several three to five star hotels close to the campus.
