Management Development Program (MDP) on

Machine Learning a Primer

Date: 25 -26 May 2023   **Venue : SDMIMD MDP Hall**

About the Program:	Machine Learning (ML) is a subset of AI that provides computing systems with the ability to learn without being explicitly programmed. ML focuses on the development of Computer Programs that can change when exposed to new data. ML is a method of data analysis that automates analytical model building and works on the idea that systems can learn from data, identify patterns and make decisions with minimal human intervention. The program's objective is to delve into the essential concepts related to ML along with the most popular ML techniques and their business applications.
Number of Days:	2 Days
Resource Persons:	Prof. Mohamed Minhaj Dr. Lakshminarayana
Target Group:	IT professionals / Business Executives / Academicians interested in getting a foundation of Machine Learning.
Fees	Rs.7500/- per participant (Residential)
