

# Special talk on 'Mortgage Backed Securities' held at SDM-IMD

Mysore, Oct. 29 (VNS)- Anjali Mullatti, CEO & M.D, Finitatives Learning India Pvt. Ltd delivered a special talk on 'Mortgage Backed Securities' for the second year PGDM students at

SDM-IMD at its premises here on Oct. 27. The lecture turned out to be an enriching experience for students who got helpful insights into the subject.

Anjali in her talk stressed on

several concepts like collateralised mortgage obligations, collateralised debt obligations, sub-prime mortgage crisis, residential mortgage-backed security and commercial mort-

gage-backed security.

She also enlightened the students on laws and policies connected to Mortgage Backed Securities, which found a resonance amongst students. She also urged them to be aware of concepts, basics and laws, which can help them to a great extent. "To understand the financial performance of the business, it's important to go through annual financial reports, key business units and their functioning," said Anjali.

To make the talk more interactive, Anjali while discussing a point about EMI structure and

its impact, resorted to a simulation game that had the audience engaged. It helped students understand the process of buying a loan, and mortgage backed security crisis.
