Conference on operations management, analytics and Statistical methods

Shri Dharmasthala Manjunatheshwara Institute for Management Development (SDMIMD) is organising a national conference on operations management, analytics and statistical methods tomorrow with a theme 'Moving towards Excellence'.

Academicians, research scholars, corporate executives, consultants, and management students from India will be participating and presenting papers for deliberation during the conference.

R C Jagadesh, Director-Global Competence Center-Cement Industry Kluber Lubrication India Private Limited, will deliver the keynote address during the inaugural function on the conference at SDMIMD Auditorium, SDMIMD Campus.

Dr Julian Gaspar, Clinical Professor of finance and executive director, center for International Business Studies, Mays Business School Texas A&M University, will be the distinguished guest for the session. The conference is expected to witness valuable deliberation and contemplation on a number of contemporary topics in the areas of operations management, analytics and statistical methods.

Eminent corporate speaker, Umesh K Shenoy, Vice President, Works, JK Tyre and Industries, will be delivering the valedictory address. Dr R Jagadeesh, Professor Operations Management and Quantitative techniques will be the distinguished guest for the session.

For details, contact Rekha Ganapathy, Conference Secretary Email: oasconf@sdmimd.ac.in or contact 9742722906.
